NORTH CAROLINA
CHESS CHAMPIONSHIP

September 22-24, 1989

Due to a computer foul up, the Ramada Inn rented all but ten rooms for Labor Day weekend. They apologize, but all's well that ends well. The new date of the State Championship will be September 22-24, 1989. The Scholastics Tournament will remain on the same date of September 2, 1989 and the ten rooms left are being made available to them but reservations must be made no later than August 28, 1989.

There are 50 rooms being held in reserve for the September 22-24 date, but your reservations must be made by September 19th when all rooms will be released to the general public.

Championship

The State Championship this year should have something good for everyone. Undoubtedly this will be a unique event and we ask the membership to support it. Leland Fuerstman spearheaded the idea of a closed class championship which was debated extensively among the directors. The decision was made and we believe that the format is appealing but, nevertheless, risky.

From an organizer's point of view, he wants as many people as possible to play to cover his cost. For the player, he wants some outside competition to hone his skill. But as a purist how can we name a true champion when there are outside influences?

First, if you want tougher competition, play up. Second, we must count on you to support this tournament. The prize fund is being guaranteed by the North Carolina Chess Association and our finances cannot stand a setback. So we must depend on you to eliminate the risk.

There will not be two champions but five champions. It has always been difficult to come out on top in two large fields. Now the classes are small enough so that a true champion in each class can be declared. To become a true champion you must play five tough games against tough opponents. So if you want those

coveted rating points, just win five games against opponents within a 100 or more point span for five games straight in a row and watch those points accumulate.

Before most of the money went to outsiders. This is a NCCA Championship and your dues are guaranteeing the payback. All the money will go to North Carolina players. We have two other fine tournaments in the state, the LPO and the Land of the Sky, where you can play in a large field that will be heavily sprinkled with outside competition.

Five rounds should be sufficient to declare a winner because the class sizes will be smaller. Prizes are available at the top and midpoint in each class increasing the opportunities for you to win even if you are the lowest rated person in your class.

This is a two day rather than a three day tournament and you will save hotel expenses but make your hotel reservations early.

We have also tried to accommodate those persons who live far away by allowing a one-half point bye in the first round. You can show up at 2:30 on Saturday and still enter the contest with a half point. Also, you may play on Friday night and have Saturday morning off.

PRESIDENT'S REPORT

(Interim Editor)

It was with great reservation that I accepted the resignation of Chris Worley as Editor of the Gambit. Chris has done a fine job with the Gambit. I want to thank him for his efforts and hope that the personal pressures which prompted his resignation will soon be relieved and that he will remain an active chess player and supporter of the NCCA.

I am very pleased to announce that NM Michael Buaiz has agreed to become the new Editor. Michael has more energy and imagination than any three people with whom I have ever dealt. I assure you that his enthusiasm for and his knowledge of the game will permeate future Gambits.

Some of you have questioned the Directors' judgment by making the State Championship a closed tournament. However, we feel that the membership will, nevertheless, receive this new format with approval. Even if you want an open tournament, I think you will find this to be an especially unique event. Please read the lead article. In addition, I think that the only fair way for you to make a judgment is to play.

I do not hesitate to tell you that I fear a poor turnout. I am an organizer, as well as the President of your Association, and for this event to fail would be devastating not only to me but to the organization.

I would like to make a personal appeal to each of you. The Directors have expended a great deal of effort on many things that must be done behind the scenes which the members never see. But you can reward our efforts by playing in this event. To have this tournament be a success is all the thanks I need.

Wilder Wadford, President

NORTH CAROLINA CHESS ASSOCIATION

CHARLOTTE KNIGHTS WIN THE TEAM INVITATIONAL

by Tim Loesch

During the weekend of June 9-11, I had the pleasure of captaining the winning team in the 1st Annual NC Team Invitational Tournament and wrote this article for those who missed out on this superb event. It was not just the winning that made this such an enjoyable event; it was more the excellence of the tournament itself, as any of the participants will attest. Heavenly playing conditions, a super-strong field, and the comradery of a team format all combined to make this a memorable tourney. Throw in a low entry fee, free lodging, a blitz tournament, team pictures, free tournament T-shirts, board prizes, a winners' plaque and a \$200 purse, and you've got the recipe for one of the best tournaments ever held in North Carolina. NCAA VP Leland Fuerstman outdid himself in organizing this great event, and it is my sincere hope that his efforts will make this tourney a permanent part of the North Carolina Chess scene.

As the teams arrived Friday night for the rules meeting, it became obvious that this would be a very competitive tournament. The average team rating was over 2000! Charlotte and Raleigh each had two strong teams representing their respective cities, and while the Asheville and East Coast teams were a bit lower rated, they were certainly capable of pulling off some upsets, especially in a team format. Our team, the Charlotte Knights, consisted of NM Will Wharton, NM Ken Naugle, NM Rich Jackson on the top boards, followed by myself and our three alternates: John Kirby, Ken Baxter and David Jaap. These "super subs" combined for a score of 4.5 out of 5, and without their fine play there is no doubt that we would have finished in the middle of the pack.

Come Saturday morning, the luxurious Ramada Inn in downtown Charlotte held some anxious chess players. Finally, the first round began and we could get down to playing some chess! Our first round match with the Chapel Hill team was tough, mostly because Ken Naugle and myself accepted a "package draw" offer on our two boards, although we both had favorable positions. Over an early lunch we found that we each thought we were bailing the other out by accepting the draws..... talk about miscommunication! Rich Jackson and John Kirby came through with nice wins though, while Will Wharton held for a draw on board one. Whew! Our team was psyched for round two, as we took on our rival Charlotte team. When the smoke cleared, Rich, John and myself had won, Will had drawn again, while Ken Naugle suffered his lone loss of the tourney. Round three was even tougher, as we ran into a determined Asheville squad. All of the games were in doubt throughout the middle game, but as the night wore on we were able to cash in and score an unexpected sweep, with David Jaap subbing this round. A full point up on the field, we all slept well that night, with first prize in sight.

We got a rude awaking Sunday morning as the "Triangle Terminators" made their play for the team title, and almost

NORTH CAROLINA CHESS ASSOCIATION

succeeded. Rich and Will were early victims to the aggressive play of our opponents, while the two Kens (Naugle and fresh sub Baxter) were able to glean hard wins. I had meanwhile blown a promising opening, and my opponent was soon up a pawn, then the exchange, and finally a full piece up. Discouraged by my position and my opponent's skillful play, I was on the verge of resigning when my team mates reminded me of this game's importance and urged me to continue. Freshened by the thought of similar "swindle" draws I had managed in the past, I resumed play. While analysis of the game raged in the skittles room, I tried to make the win as difficult as possible. Time trouble, fatigue and pressure caused my opponent to miss the win, and the game was adjourned in a drawn rook and pawn vs. rook endgame. Heartened by this fortuitous turn of events, our team overcame early difficulty in our final round match against the East Coast squad, drawing on all boards. Thus, we had our second split match of the day and clinched first place.

All that remains is to thank the people who made this tournament possible. To all who donated their time, money and service to this wonderful event, a heartfelt thank you. I hope we can do it again next year.....

NORTH CAROLINA CHESS ASSOCIATION

RULES OF THE NORTH CAROLINA CHESS ASSOCIATION GRIEVANCE COMMITTEE

Rule 1 Grievance Committee Members

(a) The Grievance Committee Chairman shall maintain a list of qualified members of the North Carolina Chess Association who desire to serve as members of the Grievance Committee, which list shall be published in The Gambit from time to time and be made available to any member of the North Carolina Chess Association upon request.

(b) The Grievance Committee shall hear grievances in panels of three members, one of whom shall be the Chairman.

(c) Any member of the Committee may be disqualified for reasons of bias or prior familiarity with a case. Disqualification may be waived by the parties to a grievance upon full disclosure of any basis for disqualification. If a member of the Committee is disqualified, a replacement shall be selected by the Chairman from the list of qualified members.

Rule 2 Grievance Hearings

(a) Hearings shall be scheduled by the Committee and held in a public room suitable for conducting hearings or, if in the Committee's opinion, the grievance may be handled by review through the postal system with written evidence.

(b) The Chairman shall notify the parties to a grievance of the date and time of the hearing or the time of review of evidence if there is no formal hearing at least thirty (30) days in advance. At least ten (10) days before the date set for the hearing or review the parties shall exchange lists of witnesses they expect to testify, copies of documents or exhibits they expect to offer to the Committee and a brief statement of the issues and their contentions. The parties shall at the time of their information exchange simultaneously serve copies of all such information on the Chairman at his last published address in The Gambit. Service may be perfected by hand delivery or by mail.

(c) No ex parte communications between parties and members of the Committee are permitted. The Committee shall be adjudicative and not investigative in nature.

(d) If a party who has been notified of the date, time and place of the hearing or review fails to appear without good cause therefor, or fails to respond to the allegations in writing if there is no public hearing, the hearing or review may proceed and a determination made by the Committee upon the evidence offered by the parties present or offered through the postal system. The Committee may order a rehearing of any case in which a determination was made against a party who failed to obtain a continuance of a hearing and failed to appear for reasons beyond his control.

(e) The Committee shall be empowered to make such reasonable procedural rulings as may be necessary to effectuate a fair and impartial hearing or review.

Rule 3 The Determination

(a) The determination of every case shall be in writing, signed by the Chairman and mailed to the parties within three (3) days after the hearing is concluded.

(b) The determination must resolve all issues of the case, and may impose fines, sanctions or both. Sanctions may include but are not limited to expulsion of a party from the North Carolina Chess Association for a definite or indefinite term,

NORTH CAROLINA CHESS ASSOCIATION

preclusion from participation in North Carolina tournaments for a definite or indefinite term, preclusion from service as a director of North Carolina tournaments for a definite or indefinite term, or public or private reprimand.

Rule 4 Appeals

(a) Any party who is dissatisfied with a Committee determination may have a new hearing or review before the Board of Directors of the North Carolina Chess Association upon filing a written demand for a new hearing or review with the Chairman, and service of the demand on all parties, within ten (10) days after the determination has been filed. The Board of Directors may consider but shall not be held bound by the determination of the Committee and the documents on file in each case. No Committee member may be called as a witness to testify concerning anything said or done in the original hearing.

(b) A new hearing or review before the Board of Directors shall be governed by Rule 2, with the President of the North Carolina Chess Association presiding. The determination of the Board of Directors shall be governed by Rule 3, except that the President shall sign in lieu of the Chairman. The determination of the Board of Directors shall be final.

As Chairman of the North Carolina Chess Association Grievance Committee, I hereby certify these to be the Rules of the Committee.

WITNESS my hand and seal, this the 11th day of June, 1989.

Chris Kremer, Grievance Committee Chairman

Scholastic News

The Board of Directors for the NCCA met at the LPO and passed the following resolutions as it relates to scholastics activities in the State of North Carolina.

1. The Scholastics Chess Committee Membership is open to all persons who teach chess to teenagers, children or leaders in North Carolina, regardless of setting.

2. We would encourage all tournament directors to have reduced entry fees for scholastics players in the adult events.

3. We would attempt to request some of our best chess players for free instructions and simultaneous exhibitions.

4. Provide free membership to any scholastics player that qualifies for free or reduced lunch.

5. Wilder Wadford agreed to prepare a legal opinion as it regards children traveling and legal advice on the chess program in general outlining potential liabilities.

6. Send an official letter to any hometown newspaper and school of any NC Scholastic Chess Committee Member.

7. We would encourage allowing scholastics teams where there is an established club like the Boy Scouts or a sponsored chess group by a parent

organization when a team cannot be fielded from the school.

8. We would let the dues remain as they are with \$3 to participating juniors and \$8 for a Junior Membership with the Gambit.

9. We would provide a special issue of the Gambit prior to the Scholastics Championship next year with special coverage afterwards.

10. John Thomas would be responsible for a Scholastics column for the Gambit.

11. A \$400 budget was approved for John Thomas to distribute free Gambits to key members of the Scholastic Chess Committee, as well as schools, in his discretion.

12. John Thomas to produce a list of the top ten or 20 scholastics players in North Carolina in each grade and publish in the Gambit.

13. Publish in the Gambit the names of members that teach chess for free or for a fee and what the fees are.

14. Make an exploration of the revival of the Junior Invitational in conjunction with the adult Invitational.

15. The CMSCA was awarded the bid for the 1990 NCCA Scholastics Championship.
